

INNOSUP (en cours)

NOM	Thématiques	Financement	Clôture	Contact
PARSEC	Earth Observation-based solutions for Food, Energy and Environment sectors	€50 000 / partenaire €100 000 / projet	20.06.20	admin@parsec-accelerator.eu
KET4CleanProduction	Advanced manufacturing technologies / Energy efficiency	€50 000	20.06.20	info@ket4sme.eu
Block.IS	Blockchain pour agrifood, logistics & finance	€60 000 / partenaire	22.07.20	https://blockis.eu/
DIGI-B-CUBE Prototyping	Medical Diagnostic (robotics, automation, electronics, nanotech etc.) for Healthcare and Pharma	€30 000 / partenaire €60 000 / projet	29.07.20	info@digibcube.eu
DIGI-B-CUBE Innovation	Medical Diagnostic (robotics, automation, electronics, nanotech etc.)	€50 000 / partenaire €150 000 / projet	29.07.20	info@digibcube.eu
S3FOOD	Smart Sensor System for Food Safety, Quality Control and Resource Efficiency in the Food Processing Industry			

INNOSUP (à venir)

NOM	Thématiques	Financement	Clôture	Contact
C-VOUCHERS	Circular economy in Agrofood, textile, Health, Blue Growth & manufacturing		31.10.20	Romain.Turminel@systematic-paris-region.org
DIGICIRC	Circular economy , Digital technology, Circular Cities, Bioeconomy, Blue Economy		Oct. 2020	melanie.pellen@capdigital.com
UFO	Sensors and Data exploitation on Drones and nanosatellites for Blue Growth, Environmene, transportation, Insurance and gaming.		Dec. 2020	Laure.quintin@minalogic.com
METABUILDING	ICT, Additive Manufacturing and Nature-Based Solutions in buildings			chunziker@nobatek.inef4.com
GALATEA	ICT and aerospace technologies applied to maritime domains: Smart port (connected, green, secure), Smart shipyard, Smart ship and Maritime surveillance		Février et avril 2021	lecorff@polemermediterranee.com
MINE.THE.GAP	Raw Materials & Mining Sectors through ICT, Circular Economy, Resource Efficiency & Advanced Manufacturing			jennifer.shaw-taberlet@axelera.org

ICT (Smart Anything Everywhere)

NOM	Thématiques	Financement	Clôture	Contact
DIGIFED	Cyber Physical Systems (CPS) & Embedded Systems	€ 55 000 / partenaire Single AE & TWIN AE	09.06.20	info@digifed.org www.digifed.org
Smartees2	Flexible and wearable electronics	Experimentation & testing = €60 000 / partenaire Miniaturisation et scaling-up €28 500 / partenaire	AAP en continue avec 05.06.20 23.09.20 15.01.21 07.05.21 31.08.21	jerome.gavillet@cea.fr www.smartees.eu
Smart4ALL	CPS, IoT, Low-power Computing	Knowledge Transfer Experiments = exploration phase €8000 for travel	15.07.20	voros@uop.gr https://smart4all-project.eu
		Focused Technology Transfer Experiments - €80 000 /partenaire 2 partenaires	Ouverture en juillet	

ICT (Smart Anything Everywhere)

NOM	Thématiques	Financement	Clôture	Contact
DIH4CPS	Cyber Physical Systems (CPS) & Embedded Systems	€ 100 000/ partenaire	31.08.20	calls@dih4cps.eu http://dih4cps.eu
HUBCAP	Collaborative Platform For Cyber-Physical Systems	PULL call = integrate available technologies from the consortium - €1000 EXPERIMENT call = adoption of available technologies - €75000 INNOVATE call = Develop and demonstrate new product €200 000 / projet	30.06.20 Nov. 2020 Avril2020	info@hubcap.eu https://www.hubcap.eu
	TETRAMAX	Customized and low-energy computing	Entrepreneurial Technology Transfer Experiments = exploration and evaluation of market and business opportunities (TRL2-4) – €20-30 000/ partenaire	31.07.20 opencalls@tetramax.eu https://www.tetramax.eu/ttx/calls/

NOM	Thématiques	Financement	Clôture	Contact
agROBfood	Robotics for agrifood	Innovation experiments € 50 – 300 000 / partenaire Consortium 2-5	31.05.20	frederic.colledani@cea.fr https://agrobofood.eu/
RIMA	Robotics for Inspection and Maintenance	Technology Transfer Experiments = develop, test & validate technical & economic viability of a robotic-based model or prototype Technology Demonstrators €100-300K / projet	Dec 2020	https://rimanetwork.eu
COVR	Safe collaborative and versatile robots in shared spaces	COVR Award= € 60 000 / partenaire COVR consortium = €150 000 / projet de 2-3 partenaires	15.07.20	https://covreward.smapply.io/prog/covr_award/

ICT (Advanced manufacturing)

NOM	Thématiques	Financement	Clôture	Contact
QU4LITY	Zero Defect Manufacturing	ZDM pilots for SME/MidCap-manufacturers. €72.500 / partenaire Development of project's systems using the Open APIs provided by the project. €75 000 / partenaire	07.08.20	qu4lity_opencall@innovalia.org https://qu4lity-project.eu/
MARKET4.0	peer-to-peer marketplace for 'plug & produce'	€50 000 to €100 000	28.05 20	market40opencalls@market40.eu http://market40.eu/open-calls/
DIY4EU	Open Innovation for collaborative production in retail, consumer and Digital industries	2 open calls à venir	Janvier et mars 2021	manuella.portier@capdigital.com
